How to consider health equity in systematic reviews: tools and examples

Dr. Vivian Welch is interim CEO and Editor in Chief of the Campbell Collaboration. Associate Professor, School of Epidemiology and Public Health, University of Ottawa.

Vivian will be talking about equity in systematic reviews with a focus on methods in general and applying them to rapid reviews.

Vivian is a Clinical Epidemiology Methodologist at the Bruyère Research Institute, lead of the BRI Method Centre, Associate Professor at University of Ottawa, and Deputy Director of the Centre for Global Health, University of Ottawa. Vivian's research interests include systematic reviews, health equity, global health, knowledge translation and clinical guidelines.
